Rise and Fall of the Imperial Guptas

Rise and Fall of the Imperial Guptas is based on the entire source material that has come to light since 1888 when Dr. H.F. Fleet's epoch-making work was published as Vol. III of the *Corpus Inscriptionum Indicarum*. Far reaching changes in our knowledge of the history of the Guptas have been taking place in consequence of such discoveries as the Bhitari-Silver Copper Seal of Kumaragupta (1889) the Sarnath Inscriptions on Buddha Images.

India's Struggle for Independence is the first and the most reliable study of the country's epic fight for freedom. This classic work begins with the abortive revolt against the British in 1857 and culminates in India's Independence in 1947. Based on years of research as well as personal interviews with hundreds of freedom fighters, it presents a lucid and enduring view of the history of the period.
